

INSPIRING INNOVATION IN CANCER CARE

Join us on **Tuesday 4th October from 2pm to 4.30pm** for an online event open to all staff working in cancer services in Scotland.

Our programme includes:

“Innovation and safety: what healthcare can learn from NASA.”

Dr Nigel Packham, Associate Director Safety, NASA

“How can innovation transform patient care. Learning from Dynamic-Scot-COPD experience.”

Dr Chris Carlin, Consultant Physician

“AI in Early Cancer Diagnostics. The iCAIRD experience.”

Prof Gareth Bryce, Head of Service of Pathology at NHSGGC & iCAIRD Lead for Pathology

“NHS innovation hubs, what they can do for you?”

Dr Neil Patel, Consultant Neonatologist and Innovation Clinical co-Lead

Prof David Lowe, Innovation Clinical co-Lead
